

Why fork out more

THAN YOU NEED TO?

Trade + with Forkway

Now you can benefit from somebody else's rental.

Our outstanding success as a leading, independent provider of materials handling solutions has resulted in a record inventory of **ex-rental fork lift trucks and warehouse equipment**.

These have been selected, supplied and fully maintained by us from new, so we know where they have been and what they've been up to!

Whether your requirement is powered by gas, diesel or battery, **you've never been able to drive a better bargain.**

As well as cleaning, repainting and pre-delivery inspection, we offer a full range of support services including maintenance, parts, temporary trucks and driver training. **Flexible finance deals for lease or purchase** are also available.

There's a broad selection of Yale, Nissan, Rocla and other top makes for you to choose from. As you can imagine, our stock of ex-rental products is always on the move but, if you wish, you can specify - without obligation - the bargain of your choice before we release it to the market.

... And we will part-exchange your old equipment, even if it's worth next to nothing, because with Forkway **you've now got a friend in the trade!**

People. Products. Productivity.
